# Adopt-A-Painting

a Social Sculpture

Adopt-A-Painting is a Social Sculpture; a free painting/art work that is up for adoption. There are no rules!, no hidden costs, no money down and comes with a no money back guarantee too - If you take on this oh-mission impossible adoption position, i ask that you take 1) photo of you with the painting where you found it. 2) foto of you with where you hang it and if you pass it on too. Please #Adopt-a-Painting if you put it up and send copy to me at [geo@geogeller.com](mailto:geo@geogeller.com) so i can include it in something that i have not yet conceived or articulated. I would love to hear stories about its adventures as it moves from place to place. ## **Adopt-A-Painting Background**

i think of each of my 8,000 art works as giving birth to myself, they are my children and had always hoped to keep together as a family but alas they have outgrown me and my nest and need to find homes and be adopted. A 1000 of my paintings are already adopted and spread out around the world. A Social Sculpture is people knowingly or not knowing they are participating in something social - Some paintings are not part of Adopt-A-Painting and are for sale on my website [GeoGeller.com/painting](http://GeoGeller.com/painting) upon request.

thank you for participating
